### 2016 Super VHF Conference

Bill Fisher W4GRW

As many of you know, there are some very dedicated VHF operators and contesters in the CDXA.

Paul Trotter, AA4ZZ, heads up a perennial top 10 VHF Multi-operator contest team that operates from Boone, NC, every June and July. Pat Patterson, N4BX, Joe Barkley KI4TZ and several others work the world on two meter EME, moonbounce. Guy Titman, W4NUS, is a net control operator on the East Coast 70 CM net that has been meeting since 1979. Nyles McKeithan, KS4S, often activates the rare, mostly water, Grid Square FM13 from the Southport/Fort Fisher area. Ted Goldthorpe, W4VHF/sk, & Paul, AD4IE, are award winning VHF rovers for many years.

Charlotte has been the host city for the Southeastern VHF Society's ([SVHFS](#)) annual regional VHF Conference 3 times, 2005, 2009 & 2012. CDXA Mem-

bers Thomas Wright, N4HN, Les Zavadil, W4FRA, Gary Greene, W2ZV, Guy Titman W4NUS, & Bill Fisher W4GRW have all been elected Officers and Board of Director members over the years.

After several years of discussions, 2016 was selected as the year where 3 East Coast Regional VHF Conferences, ([Southeastern VHF Society](#), [North East Weak Signal Group](#) and the [Mt. Airy VHF Radio Club](#)) joined resources to create the first ever [Super VHF Conference](#). The weekend of April 15-17 in the Washington, DC area was selected as a central location.

The Conference was filled with many excellent presentations, where even experienced VHF veterans picked up many new tips and ideas to help improve not only their stations, but also operating modes and skills too. The highlight of the presentations was Nobel Prize winner, Dr. Joe Taylor, K1JT, discussing "New Codes and Modes for VHF and Above Weak Signal" for his WSJT program.

Meeting and talking with other VHFers, from the Northeast was the highlight of the conference for many of us. We had been working these guys for years and finally had a chance to put a face with the callsign.

The conference Dinner Banquet is always a favorite time, and this year did not disappoint. We were honored to have retiring ARRL CEO Dave Sumner, K1ZZ, as the Banquet speaker, and CDXA Member Dr. Jim Boehner, N2ZZ, gave the introduction.

The CDXA was well represented with Paul, AA4ZZ, Wayne, KU4V, Thomas, N4HN, Bill, N2COP, Les, W4FRA, Gary, W2ZV, Pete, WA2ODO, Jim, N2ZZ, & Bill, W4GRW. There's a picture of most of the CDXA attendees on the following page.

Like many Hamfests, the hotel parking lot was very interesting and drew many curious looks from hotel guests.

## The Pileup

Official Newsletter of the Carolina DX Association  
Copyright 2016

Published monthly 10 times per year, excluding the months of June and December.

The purpose of the association is to secure for the members the pleasures and benefits of the association of persons having a common interest in Amateur Radio.

Members of the CDXA shall adhere to "The Amateur's Code" as published from time to time in *The ARRL Handbook for Radio Amateurs*, and shall consist of those valid licensed amateur operators having an interest in promoting amateur radio. Long distance communications (DX) is of special interest to members of the association, but said interest is not a requirement of membership.

Yearly dues are \$25.00. A second licensed Amateur family member living in the same household can join for \$5.00 for a total family price of \$30.00 per year. The total price for 3 or more licensed family members living in the same household is only \$35.00 per year. All family members enjoy full member status. Dues are payable annually in December by check or through [the CDXA website](http://the CDXA website), to the Secretary/Treasurer:

Cliff Wagoner, W3ZL  
P. O. Box 577  
Davidson, NC 28036

Address, telephone, and email address changes should be directed to the Secretary/Treasurer at the above address or via email at: [jew53@cornell.edu](mailto:jew53@cornell.edu).

From left to right Les, W4FRA, Wayne, KU4V, Bill, W4GRW, Pete, WA2ODO, Gary, W2ZV, Thomas, N4HN and Paul, AA4ZZ , (Not pictured Jim, N2ZZ and Bill, N2COP)

There were 228 registered attendees at this first ever, record setting, East Coast Super VHF Conference, and there is talk about doing this every 4 or 5 years.

The striking thing about this type of conference is how different and fun it is from 'basic' HF, yet still Amateur radio. The antenna designs are different. Much of the required hardware is different - and smaller. Modes of propagation and the way of making contacts are different, and fascinating. For example, you do not bounce 40m signals off the moon, airplanes, and meteors! It is a different aspect of the hobby that you should check out if you have not already.

Stay tuned... Bill, W4GRW, Paul, AA4ZZ, Thomas, N4HN, and Gary, WZ2V, are involved in possibly bringing the Southeastern VHF Society Conference back to Charlotte in 2017. If you would like to help please let us know.

## CDXA 35th Anniversary Party

Put July 24th on your calendar. Our 35th Anniversary Party will be at beautiful Jetton Park in Cornelius, on Lake Norman, in this AIR-CONDITIONED building, with the lake right behind it. More details to follow.

## DX King News

Paul Ponak, AD4IE

Another month has gone by and K5EK still leads the pack in the “unlimited” category with K7BV, W3GQ, and W4HG still well within reach of first place. K4HC still leads the “limited” category and W3ZL leads the “formula” category. It’s still not too late to get in the competition and win a \$100 gift card from Amazon.com. Full details are in the January Pileup.

Here are the scores that you have entered into the form on the website:

## New Member

CDXA is happy to welcome a new member this month: Robert Brockman, WX4G, 6074 Raymur St., North Port, FL 34286, 941-423-5397, [bbrockmn@yahoo.com](mailto:bbrockmn@yahoo.com). Many of you have probably worked him as P40J in DX contests of years past. Be sure to check his QRZ page.

## A Recap of CDXA’s 2015 VHF Contest Success

Paul Trotter, AA4ZZ

2015 started on a devastating note for the Mountaintop VHF Contest Team. The passing of Ken Boyd, K4DXA, left a big hole in the team. Ken was a long time key member. The team often joked that if anything that went wrong on the mountain, Ken could fix it with what he could get at the Lowes or Radio Shack in Boone. There had been many a Friday night trip before a contest to one of these to get parts for Ken. Then in May we lost Ted Goldthorpe, W4VHF. Ted had been an original member of the team and had been a long time mentor to several members. The Friday night before the start of the 2015 June contest, the team had a time of remembrance for Ken and Ted. Gary Dixon, K4MQG, joined via radio. With some big holes to fill the team went to work. There were lots of areas where team members had to learn new jobs.

The team overcame these setbacks to finish very strongly in 2015 with top 5 finishes in all 3 contests they entered. As AA4ZZ, they were 4th in the ARRL June VHF and 5th in the September ARRL VHF Contest in the highly competitive Limited Multioperator category. As W4MW, they were 2nd place Multioperator in the nation in the July CQ WW VHF Contest.

The 2015 operators included: AA4SC, AA4ZZ, K4IVF, K8YC, KI4TZ, KU4V, N4LED, N4UFP, W2ZV, W3GQ, W3OA, W4GRW, W4MW, W4WNT and WW4CP. The AA4ZZ and W4MW scores were submitted as CDXA club scores. Along with the other CDXA member-submitted scores, this resulted in the CDXA placing 10th in the Medium Club category in both the ARRL June and September VHF contests and as the 3rd Club in the United States in the CQ WW VHF.

Many CDXA members provided contacts that helped these scores. Please look for AA4ZZ and other CDXA participants in the ARRL June VHF contest June 11+12, 2016. Contacts are appreciated on 50, 144, 222 and 432 MHz SSB, CW and FM.

## CQ Publishes Results of the 2015 CQWW Contests

Paul Ponak, AD4IE

CQ has published the final results of last year's CQWW Contests on the Web at <http://www.cqww.com/index.htm> . CDXA has placed fourteenth out of 65 entries in the contest. Our club score was 30,355,666 points for the total for the SSB and CW contests. That's down quite a bit from last year's 47,645,672, but most of the clubs above us in the standings were also lower than they were last year.

The two tables below show our members' scores for both the SSB and CW contests. The scores are in numerical order along with the operator class, and the number of countries, zones, and countries worked. Full details are at <http://www.cqww.com/> and click on the "results" tab.

This years CQWW SSB contest will begin on the evening of October 28 and the CW contest will begin on the evening of November 28 in our zone 5 time. Here are the results from the CQWW database:

One of the operators included in the pictures from operations at N4ZC's contest station was easily recognized. Here's the note I got, and a reprint of the picture.

Eric Sossoman told me "...Now this one I know. Dad / K4CEB/Larry. Thanks for the photo....."

Really going way back, I came across this picture of the Titanic's communications room in an article I was reading. The equipment was all from Marconi, and the radio operator was a Marconi employee.

## The Back (Half) Page

- We featured VHF happenings this month, including our Page 1 article on the recent Super VHF Conference, by Bill, W4GRW; and a recap by Paul, AA4ZZ; of last year's accomplishments by CDXAers in VHF contesting, on Page 4. Especially considering the condition of HF propagation these days, it may be time for more of us to join the VHF party!
- There's HF news too, with the latest DX King scores on Page 4, and results from the 2015 CQWW Contests, CW and SSB, starting on Page 5.
- CDXA's 35th Anniversary Party is set for July 24th at Jetton Park in Cornelius. See the picture on Page 3, and the shots below, for a look at where we'll be. For now, mark your calendar. There will be more specific information coming shortly.

No Pileup next month, so 73 till July.
